Total sulphurous:	91 mg/l
Free sulphurous:	25 mg/l

### 2022 VINTAGE FEATURES

The Bombino grapes for Pagadebit ripe quite late usually and maintain their freshness and acidity. Anyway, to make this lightly sparkling wine we started harvesting earlier than usual and grapes did not suffer from hot weather.

The area of Bertinoro is well suited for this grape due to its calcareous soil and we obtained a very pleasant wine with notes of white flowers and citrus. Creamy, sapid, it is very enticing.
