Total acidity:	6.2 g/l
Volatile acidity:	0.33 g/l
Total sulphurous:	53 mg/l
Free sulphurous:	25 mg/l

2022 VINTAGE FEATURES

Pagadebit is a hidden treasure in the Italian wine making tradition: only 150 hectares are grown in Romagna and on the hill of Bertinoro it gives its best. Only in Bertinoro the grapes meet the Spungone rock (calcareous ancient rock hidden in Bertinoro's soils) and develops a special salinity.

Pagadebit is well known for its resistance to mould attacks: its strong skin preserves it from illnesses. But in 2022 its enemy was the hot weather. This wine is still fresh and pleasant, but less flowery on the nose. Powerful mineral hints, typical of Bertinoro's terroir.
